Claim Rejections - 35 U.S.C. § 112, second paragraph

The Examiner rejected claim 2 under 35 U.S.C. § 112, second paragraph as being indefinite for failing to point out and distinctly claim the subject matter which applicant regards as the invention. The Examiner noted that claim 2 appeared to have a typographical error in that the phrase "... has a reversible photochromic." was incomplete. Applicant's copy of the as filed application includes the word "property" at the end of claim 2, reading: "... has a reversible photochromic property." Claim 2 has been amended to correct the typographical error noted by the Examiner.

Therefore, Applicant respectfully submits that the rejection under 35 U.S.C. § 112, second paragraph has been overcome.
